📞 +91 9602425641 | ✉ gup.sg14@gmail.com | 📍 Jaipur, Rajasthan

Razorpay Software Private Limited | Software Engineer

📍 *Bengaluru, Karnataka*
📅 *Nov, 2021 — Current*

- Part of partnerships team, where contributed on partnerships program from Razorpay.
- Run a few successfull migrations for critical operations.

Vimeo Technologies | Software Engineer

📍 *Bengaluru, Karnataka*
📅 *March, 2021 — Nov, 2021*

- Part of partnerships team, where worked on Integration of Vimeo-Create for various partners like ConstantContacts and Facebook.
- Identified and fix the routing issues in the internal framework.
- Change in code generation scripts for routing files.
- Developed video tagging pipeline (pre downloads service).
- Fixed multiple issues in SDK for Vimeo-Create integration, like overlay and post message communication.
- Worked on authentication, app capabilities, and session for cookies | JWT interoperability for 3rd party cookies blocked use cases.

Peak.ai | Software Engineer

📍 *Jaipur, Rajasthan*
📅 *Aug, 2018 — Jan, 2021*

- Worked on user management, notification, workflows, authentication, and RBAC (role-based access control) services.
- Developed a TCP layer proxy for AWS Lambda and PostgreSQL communication with no persistent connection.
- Implemented data fetching connectors through FTP/SFTP.
- Integrated Sisnese (BI tool) in frontend application.
- Used multiple AWS services like Lambda, DynamoDB, API Gateway, S3, Cloudfront, EC2, IAM, SQS for developing application modules.
- Optimized frontend delivery by code-splitting and a implementing a better caching strategy (edge caching and object expiration).
- Developed a component library from scratch for moving presentational components out of the business application.
- Built automated data fetching pipeline from mintuk.bvdinfo.com and google big query.

Open Source Contribution

- Made Small contribution to react.
- Flashr for notifications management in redux based applications.

Certifications

AWS Developer Associate
12/08/2019 (PWYQS9G1MFE11RSL)

Technical Skills

Experienced :
React | Redux | NodeJS | ExpressJS | Javascript | AWS S3 | AWS Lambda | AWS DynamoDB | API Gateway

Hands-On :
CloudFormation (IAC) | AWS SNS | Microservice Infra | AWS SQS | Serverless Computing

Relevant Courses :
Data Structures & Algorithms | Design & Analysis of Algorithms | Operating System | UNIX Programming | Computer Networks | Databases

---

Education

B. Tech *(2015 - Dropped in final year)*
Global Institute of Technology (RTU)

Senior Secondary *(2012 - 2014)*
Rawat Public School (CBSE)

Secondary *(2010 - 2012)*
Rawat Public School (CBSE)

Honors and Awards

- Peak Value Award (2 times)
- Deloitte Innovation Award, SIH 2017
